Attention: MPRDESIGNS LLC

This is a reminder to complete the 2026 Florida Annual Report requirement. All active Florida business entities—LLCs, corporations, and nonprofits—must file an Annual Report each year to maintain active status, remain in good standing, and keep ownership and contact information current with the state. Submit your annual report information now to guarantee compliance for the 2026 mandatory annual report.

You can begin the process here: <https://corporatefilingassistance.org/annualreport/>

The state's filing window has opened on January 1st. Filing now helps avoid stress, processing delays, and last-minute issues. If the report is not filed on time, the State of Florida can impose penalties and take enforcement actions, including:

- A \$400 state late fee after the deadline
- Administrative dissolution for continued non-compliance
- Resulting risks to banking access, existing contracts, and your legal ability to operate

We encourage you to submit your information now so we can review, prepare, and file your 2026 Annual Report. <https://corporatefilingassistance.org/annualreport/>
